

Blue Stream Fiber Community Launch Timeline

Dear Kings Point Delray Residents,

Blue Stream Fiber is thrilled to announce a partnership with your community effective April 1, 2027. We have worked hand in hand with your Board of Directors to be able to provide you with a new state-of-the-art fiber optic network, industry leading products and substantially better reliability and customer services.

At Blue Stream Fiber, we pride ourselves on our legacy of over 45 years of great customer service and our deep experience building the latest fiber optic networks. With this new agreement in place, Kings Point Delray will enjoy advanced products and services, and support from a customer service team with industry-leading ratings.

The new package as part of your HOA will include blazing fast 500 Mbps/500 Mbps fiber internet, ONT, up to 3 WiFi pods, Digital Core TV with 300+ channels, including HBO channels with Max app access, 3 TiVo set-top boxes, 3 voice remotes and 200 DVR hours. Additionally, you'll have the opportunity to upgrade to a variety of other offerings, such as premium cable channel options and Internet speeds, among other things.

Given the size of the community, construction and installation will roll-out in three phases, beginning April 2025 and ending in April 2027. Construction Phase 1 will begin on the NE side of the Seville Community. Phase 2 will focus around 6570 Monaco Blvd., east of the community near the Monaco Clubhouse. Finally, Phase 3 will cover the Burgundy Community, east of Burgundy PL. In the coming weeks, Blue Stream Fiber will be on-site, working hard to bring our world-class fiber-optic services to you.

Explore the next pages for for an overview of what to expect throughout the launch process and we will be reaching out as we progress through each step.

We are thrilled to be bringing fiber to your community and look forward to providing these new world-class services!

Blue Stream Fiber

What to Expect

We are excited to welcome you as a Blue Stream Fiber customer! As we kick off the process of bringing our services to your community, we want to ensure you are comfortable and in the loop every step of the way.

At Blue Stream Fiber, we offer an extensive support and communication program that will be customized to your property.

Installation

At this time, a Blue Stream Fiber technician will set up services in the home and show residents how to use them. Beyond this, we have lots of resources to help you navigate your new Blue Stream Fiber Services. Our welcome guide card explains all of the features included in your service, and includes links to videos walking you through these features step-by-step. This begins with steps as simple as turning on the TV, all the way through managing and setting recordings.

Welcome Guide Card
