## **ICA Hosts February & March Safety Programs for All Kings Point Residents**

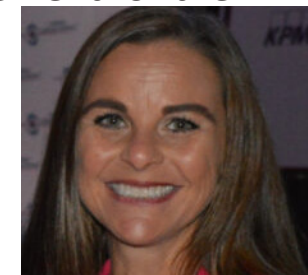

***Be Informed. Be Prepared. Be Safe.***

The Independent Condominium Association of Kings Point (ICA) invites all residents to attend two important and informative community meetings this winter, focused on safety, preparedness, and emergency awareness. Both events will be held at **9:30 a.m. at the Flanders Clubhouse**, and all Kings Point residents are welcome to attend, membership in the ICA is not required.

The first program will take place on **Tuesday, February 3, 2026**, featuring **Charbel Khadij, Fire Safety Specialist with Palm Beach County Fire Rescue**. This session will focus on essential home and personal safety topics, including smoke detectors, home fire safety, proper use of fire extinguishers, CPR, and a question-and-answer period.

Following in March, the ICA will host a second informative meeting on **Tuesday, March 3, 2026**, with **Mary Blakeney, Director of the Division of Emergency Management for the Public Safety Department**. This presentation will address **hurricane preparedness**, offering residents valuable guidance on planning, safety measures, and readiness during storm season.

Both meetings are designed to provide residents with practical knowledge that can help protect lives and property. **Refreshments will be served**, and all residents are encouraged to attend.

On behalf of the ICA Board President Cindy Turschmann, 1st Vice President, Barry Levine, 2nd Vice President Jean Kornblum-Towers, Secretary Bonnie Lefkowitz, Treasurer Howard Hoffmann, Directors at Large Arthur Simon, Joel Rosenshein, Mitchell Schwartz, Paula Wartley; we wish you all a happy and prosperous 2026!

## Keep Your Home Safe from Property Fraud Scams

Property fraud is rising at exponential rates. In Palm Beach County two years ago, we had four cases of deed theft. This fiscal year that number could rise to over 1,000 cases. This is serious, and it could happen to you. Thieves are not happy stealing the stuff in your home; they now want to steal your home itself.

Criminals will file fake deeds to transfer property ownership and then commit mortgage fraud for their financial gain or outright sell your home at large discounts. Don't let this happen to you.

My office is committed to helping Palm Beach County property owners protect their property from these criminals.

Go to **[www.mypalmbeachclerk.com/pfa](http://www.mypalmbeachclerk.com/pfa)** to register your property. Property Fraud Alert is a free service that sends you an email notification whenever a document matching your name, address or parcel number is filed. This early warning system allows you to act quickly if something doesn't look right.

We're Here to Help you protect your property and your peace of mind. Through awareness and simple prevention tools, we can work together to stop property fraud before it starts.

# February is Heart Health Month

## A perfect time to focus on keeping your heart strong and healthy.

As we age, arteries can stiffen, blood pressure may rise, and the risk of heart disease increases. While genetics play a role, lifestyle choices, like diet, exercise, and stress management, have the biggest impact.

### Tips for a Healthy Heart

**Stay Active** - 150 minutes of moderate exercise per week—walking, swimming, yoga, or gardening—strengthens your heart and boosts circulation.

**Eat Heart-Friendly Foods** - Choose fruits, vegetables, whole grains, lean proteins, and healthy fats. Limit processed foods, excess salt, and added sugars.

**Monitor Blood Pressure & Cholesterol** - High blood pressure and cholesterol often have no symptoms but increase heart disease risk. Regular check-ups are key.

**Maintain a Healthy Weight** - Even small changes in weight can impact heart health. Combine balanced nutrition with regular activity.

**Manage Stress** - Meditation, deep breathing, hobbies, or social activities help reduce chronic stress.

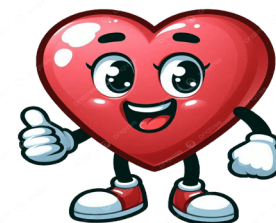

**Avoid Smoking & Limit Alcohol** - Smoking damages blood vessels; excess alcohol raises blood pressure. Quitting smoking after 55 still has major benefits.

**Listen to Your Heart** - Notice any unusual shortness of breath, chest pain, fatigue, or irregular heartbeat? Contact your healthcare provider immediately.

### Heart Health Quick Tips

- Walk 30 minutes a day
- Eat 5 servings of fruit & vegetables daily
- Reduce sodium intake
- Try stress-reduction techniques for 10 minutes/day

Heart health after 55 is about proactive choices. Small, consistent steps—like moving more, eating smart, and managing stress—can significantly lower risk and help you enjoy a fuller, more energetic life. Celebrate Heart Health Month by making your heart a priority!

From The President, Lisa D’Ortiz

As a longtime volunteer, I have had the pleasure of watching our community grow into a place where neighbors truly look out for one another. It is a welcoming environment that offers not only comfort, but an active lifestyle filled with opportunities to connect, participate, and enjoy the many amenities we share.

What makes our community especially meaningful is the sense of familiarity and cooperation among neighbors. Day-to-day operations are supported by on-site management, allowing concerns to be addressed promptly and helping our community continue to run smoothly.

I wish everyone good health and happiness in 2026, and that this year brings our neighbors closer

## *Free Standing Emergency Department Proposed for Delray Beach*

On December 15, 2025 the City of Delray Beach Planning and Zoning (P&Z) Board heard an application brought by JFK Hospital for a Free Standing Emergency Department (FSED). The hospital itself is located in the City of Atlantis/Lake Worth. The application proposes the construction of an FSED on Atlantic Avenue in Delray Beach which would be located about 15 miles from the main hospital. Surrounding residents are concerned not only because of the proposed 24/7 hours/late night operation, but also for the extra burden to patients who might seek care at the FSED.

FSED's are different from "doc in a box" walk-in urgent care clinics which are often located in malls and provide quick care for minor illnesses. FSED's are hospital-affiliated emergency rooms where ambulances frequently bring victims of falls and other ailments.

Residents should be aware of issues surrounding FSED's which are associated with a hospital outside of the local area.

If the FSED decides a patient needs to be admitted to the hospital, the patient usually would be transferred by ambulance to the main hospital campus which would add extra time for transport. With time-sensitive issues such as stroke or trauma, this could be risky. If the patient requests to be transported to his or her local hospital, an additional transport fee might be charged. Further, the FSED may be in the patient's insurance network but the hospital may be out of network leading to unexpected medical charges.

Sometimes the FSED looks like a full hospital but it may not be since most FSED's do not have operating rooms, Intensive Care Units, or admissions.

If the patient is admitted to the FSED's parent hospital located in another city, continuity of care could be compromised. The patient's own primary care physician and specialists may not be associated with the hospital and medical records not as easily accessible. Family may need to travel farther to visit so personal items and support can be more difficult to manage.

The potential problems associated with seeking emergency care in an FSED associated with an out-of-area hospital are not related to the quality of the attending physicians or staff or hospital's accreditation.

The Delray Beach P&Z Board continued the public hearing to February 23, 2026. Local residents will be able to present their concerns and a decision should be made on whether to approve a 24/7/late night variance for the FSED associated with JFK Hospital.

Lori Vinikoor, President  
Alliance of Delray Residential Associations
